# Young Men and Ladies.

The business boom, the unexampled prosperity of every department of commerce and manufacture has made an immense and constantly increasing demand for young people.

## TRAINED FOR BUSINESS.

When a Merchant or Manufacturer wants a Book-keeper or an Invoice or Shipping Clerk, he will not wait six months for you to fit yourself to take the position. The young man or young woman who is ready steps into it.

## AT THE AKRON BUSINESS COLLEGE

You can pursue any one of the following studies or all of them

### BOOK-KEEPING,

PENMANSHIP,                      DETECTION OF  
ARITHMETIC,                      COUNTERFEIT  
COMMERCIAL LAW,                      MONEY,  
BUSINESS FORMS,                      RAPID CAL-  
BUSINESS COR-                      CULATIONS,  
RESPONDENCE,                      GRAMMAR,  
Political Economy,                      English Branches,                      Phonography,  
LANGUAGES,                      &c, &c.                      &c, &c.

An opportunity is given to pursue these subjects

## IN DAY or EVENING SESSIONS

We teach each subject with reference to its practical uses. Aware that each branch of study may be regarded as a science as well as an art, we bear in mind that *it is an art* that we are chiefly concerned with it, and that time is money to most of our students, we therefore aim to prepare our students

## IN THE SHORTEST POSSIBLE TIME

For the employment they wish to enter upon. Each student is taught separately in most studies and is hence neither driven too fast for the mastery of a subject or held back to keep pace with slower students, nor is he embarrassed by his slowness if he cannot at the beginning make rapid progress in the study.

# Farmers, Gardeners, EVERY BODY,

Whether you plant a single paper of Seeds or many bushels, you cannot afford to invest in the commissioned seeds which flood the country, and which are left with every drug, grocery or other store where they will accept them. These seeds are gathered up at the end of each season and sent out again and again, year after year, in the same papers if presentable, otherwise they are cut out, mixed with a little new, repapered and sent out again. It will pay you to

## Buy your Seeds, Garden, Flower and Field

AT THE AKRON SEED STORE

The greater part of the commissioned seeds are of venerable old age, generally badly mixed, and grown from any kind of stocks.

*The Seeds we offer are*

## Fresh, Unmixed, True to Name, and of the Finest Quality,

and are our own growth or purchased from growers, importers and dealers who furnish the finest quality that can be obtained and who never send out any seed to be sold on commission. During the past four years we have kept open only from March to September. Early in 1882 we hope to find permanent quarters, and furnish not only Seeds but also a full assortment of

## Vegetable and Bedding Plants, and Bulbs for Spring and Fall Planting,

in their season. We propose, also, to make a further addition to our business during the Summer of 1881, by furnishing, as soon as they can be grown in this vicinity, from our own garden and from those of the best gardeners near us,

## Fresh Fruits, Vegetables and Melons,

and thus be warranted in keeping our Store open "all the year round." In short, we mean that

## At the Akron Seed, Plant and Fruit Store,

the citizens of Akron and vicinity shall be able to find or have promptly furnished to order everything in the line of Seeds, Plants and Home Grown Vegetables and Fruits, that are to be found in a well appointed Seed Store, or can be raised in North Eastern Ohio. Our present location is 102 Mill street, just across the street from the Postoffice.

[NO. 30

---

THE AKRON CITY TIMES is the only Democratic paper published in Summit county, and this fact, together with its general reputation as the best Family Newspaper published in the county, gives it a wide circulation. It sends a good list to every post-office in Summit county, and such portions of adjoining counties as make Akron their market. It is the best advertising medium published in Akron, yet its rates are lower than other papers with less circulation. Rates will be furnished on application.

Every number contains a complete story, a large amount of miscellany, and all the local and general news of the week in condensed and readable shape.

The subscription price is only \$1 50 per year and subscriptions may begin at any time.

The Job Department is prepared to turn out on short notice, and in the best style, posters, bills, statement heads, bill heads, letter heads, note heads, envelopes, cards, and all kinds of commercial printing. Prices reasonable.
